THE FACTS.

The small footprint of the 9130-VTR-D (diesel) and 9130-VTR-P (propane) are ideal for residential areas, tanks, farms, and gated areas. They are rugged, compact probing units that combine a 90 ft-lb hammer with mobility. 9130-VTR rigs are able to maneuver through rough terrain, and easily gain access to tight, confined, and enclosed spaces. Both machines can navigate through 36-inch doorways, gated openings, and into buildings with low overhead clearance. Utilizing their transport hooks, these rigs can also be air-lifted into remote job locations. Propane's clean burning properties help the 9130-VTR-P maintain air quality and increases safety with a minimal flammability range.

POWERPROBE™ 9130-VTR

ENGINE

- Fuel Type: Diesel
- Engine RPM Setting: 3,200 rpm
- Hydraulic flow rate: 12 gpm
- Hydraulic oil pressure: 2,400 psi
- Hydraulic oil capacity: 14 gal
- Hydraulic oil cooler: 18,000 BTU (single)
- Horsepower: 21.6 hp
- Track high speed: 2.8 mph
- Individual track width: 9"

MAST & PROBE

- Down force: 17,300 lb.
- Pull-up force: 23,000 lb.
- Head travel rate up: 13 sec
- Head travel rate down: 9 sec
- In/Out travel: 8"
- Foot vertical stroke: 32"
- Probe angles: 30° - 102°
- Standard hammer: 90 ft-lb
- Optional hammer: 200 ft-lb
- Optional auger: 1,000 ft-lb
- Probe stroke: 60"

DIMENSIONS

- Mast extended height: 138"
- Overall height (folded): 87" (70")
- Weight: 3,800 lbs
- Overall length: 88.5"
- Overall width: 34.5" / Width extended: 46.5"

9130-VTR Standard Features

- Long lasting powder-coated finish
- Aluminum power track
- Enhanced control panel
- 90 ft-lb hydraulic hammer
- 60" probe stroke – able to run 4 ft tooling
- Hydraulic oil pressure gauge
- Rubber tracks for minimal ground disturbance
- Electro-hydraulic valves - in-out, side-side, and tilt
- Tooling storage
- Adjustable mast for angled probing
- Transport hooks
- Hydraulic oil pressure and temperature gauges
- Emergency stop system
- Pendant remote with 15' cord
- Tooling vise
- Storage for pendant control
- Hydraulic telescoping track carriage

Options and Accessories

- 200 ft-lb hydraulic hammer
- 1,000 ft-lb auger drive head
- Regen System

Warranty

- Full one year factory

CUSTOMER SERVICE

Everyone at AMS is dedicated to exceeding our customers' needs and expectations. From answering questions about availability, use and care, to developing customized products, we're here to help. Call 208-226-2017 or 1-800-635-7330 for more information.
